

Viasat Joins Stand for Small Initiative, Spearheaded by American Express, to Support U.S. Small Businesses during the COVID-19 Pandemic

August 10, 2020

CARLSBAD, Calif., Aug. 10, 2020 /PRNewswire/ -- [Viasat Inc.](#) (NASDAQ: VSAT), a global communications company, announced today it is proud to partner with American Express and a growing group of companies on the Stand For Small program, an initiative to provide meaningful support to millions of small businesses during the COVID-19 pandemic.

The Stand for Small initiative provides support and access to business-critical services, offers, tools and expertise, among other benefits through a centralized, digital platform. These resources aim to help small businesses during the COVID-19 crisis and their recovery efforts, by helping business owners reduce operating expenses, manage teams remotely, enhance digital capabilities and address other needs.

Through the program, Viasat will provide discounted satellite-enabled business internet services to new U.S. small business customers in need during these challenging times. Currently, Viasat's business internet service covers 96% of the U.S. population, and offers a variety of unlimited and metered data plans with download speeds up to 100 Mbps in select areas. The Company also implemented a number of initiatives to help U.S. small businesses stay connected during the COVID-19 crisis. Programs include offering current small business customers the opportunity to apply for grants to help make their businesses more resilient; making commitments through the FCC's 'Keep Americans Connected' program; and optimizing its satellite communications network when businesses turned to work-from-home environments, by giving priority to real-time business communications applications, network storage and other business-critical online tools.

Cody Catalena, Viasat's vice president and general manager of Global Business Solutions, commented, "We're proud to participate in the Stand for Small effort, joining American Express and other leading companies, to help small businesses endure and adapt during these difficult times. Our goal is to help small businesses thrive in their communities by enabling them to reliably stay online and connected to customers, partners and prospects."

Forward-Looking Statements

This press release contains forward-looking statements that are subject to the safe harbors created under the Securities Act of 1933 and the Securities Exchange Act of 1934. Forward looking statements include statements about Viasat's participation and response to the COVID-19 outbreak via the Stand for Small initiative, our small business discount for new satellite-enabled business internet services, and continued offering of prior announced initiatives. Readers are cautioned that actual results could differ materially and adversely from those expressed in any forward-looking statements. Factors that could cause actual results to differ include: risks associated with the operation of the satellite used to supply these services, including the effect of any anomaly, operational failure or degradation in satellite performance; and changes in relationships with, or the financial condition of, key customers or suppliers. In addition, please refer to the risk factors contained in Viasat's SEC filings available at www.sec.gov, including Viasat's most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q. Readers are cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date on which they are made. Viasat undertakes no obligation to update or revise any forward-looking statements for any reason.
