PROXY STATEMENT

The Board of Directors of ViaSat, Inc. is soliciting the enclosed proxy for use at the annual meeting of stockholders to be held on September 26, 2000, at 8:30 a.m., at the corporate offices of ViaSat at 6155 El Camino Real, Carlsbad, California 92009.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

WHY DID YOU SEND ME THIS PROXY STATEMENT?

We sent you this proxy statement and the enclosed proxy card because ViaSat's Board of Directors is soliciting your proxy to vote at the 2000 annual meeting of stockholders. This proxy statement summarizes the information you need to know to vote at the annual meeting. All stockholders who find it convenient to do so are cordially invited to attend the annual meeting in person. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

On or about August 14, 2000, we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote. Only stockholders who owned ViaSat common stock at the close of business on July 28, 2000 are entitled to vote at the annual meeting. On this record date, there were 10,896,726 shares of ViaSat common stock outstanding. Common stock is our only class of stock entitled to vote. We are also sending along with this proxy statement our 2000 Annual Report, which includes our financial statements.

WHAT AM I VOTING ON?

- The election of two directors to serve a three-year term. The present Board of Directors of ViaSat has nominated and recommends for election as directors the following two persons:

ROBERT W. JOHNSON
WILLIAM A. OWENS

- To approve an amendment to The 1996 Equity Participation Plan of ViaSat, Inc. to increase the number of authorized shares by 1,800,000 shares to 3,050,000 shares.
- To approve an amendment to ViaSat's Certificate of Incorporation to increase the authorized number of shares of common stock from 25,000,000 shares to 100,000,000 shares.

HOW MANY VOTES DO I HAVE?

Each share of ViaSat common stock that you own entitles you to one vote.

HOW DO I VOTE BY PROXY?

Whether you plan to attend the annual meeting or not, we urge you to complete, sign and date the enclosed proxy card and to return it promptly in the envelope provided. Returning the proxy card will not affect your right to attend or vote at the meeting.

If you properly complete your proxy card and send it to us in time to vote, your "proxy" (i.e. one of the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board of Directors as follows:

- "FOR" the election of the two nominees for director.
- "FOR" the proposal to approve an amendment to the Equity Participation Plan to increase the number of authorized shares under by 1,800,000 shares.
- "FOR" the proposal to approve an amendment to ViaSat's Certificate of Incorporation to increase the authorized number of shares of common stock from 25,000,000 shares to 100,000,000 shares.

If any other matter is presented at the annual meeting, your proxy will vote in accordance with his best judgment. As of the date of this proxy statement, we knew of no matters that needed to be acted on at the meeting, other than those discussed in this proxy statement.

MAY I REVOKE MY PROXY?

If you give us your proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in any one of the three following ways:

- You may send in another signed proxy with a later date,
- You may notify ViaSat's Secretary, Gregory D. Monahan, in writing before the annual meeting that you have revoked your proxy, or
- You may notify ViaSat's Secretary in writing before the annual meeting and vote in person at the meeting.

HOW DO I VOTE IN PERSON?

If you plan to attend the annual meeting and vote in person, we will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you were the beneficial owner of the shares on July 28, 2000, the record date for voting.

WHAT CONSTITUTES A QUORUM?

The presence at the annual meeting, in person or by proxy, of a majority of our outstanding common stock, or approximately 5,448,363 shares, constitutes a quorum at the meeting, permitting us to conduct our business. Proxies that are returned to us that reflect abstentions or include "broker non-votes" will be treated as present and entitled to vote for purposes of determining the presence of a quorum.

WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL?

Proposal 1: Election of Directors	The two nominees for director who receive the most votes will be elected.
Proposal 2: Approval of Amendment to the Equity Participation Plan	The affirmative vote of a majority of the votes cast at the annual meeting is required.
Proposal 3: Approval of Increase in Number of Authorized Shares of Common Stock	The affirmative vote of the holders of a majority of the outstanding shares of the common stock.

Voting results will be tabulated and certified by our transfer agent, Computershare Investor Services LLC.

WHAT IS THE EFFECT OF ABSTENTIONS AND BROKER NON-VOTES?

Shares represented by proxies that reflect abstentions or include "broker non-votes" will be treated as present and entitled to vote for purposes of determining the presence of a quorum. Abstentions will be counted towards the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum but are not counted for any purpose in determining whether a proposal has been approved. However, broker non-votes can have the same effect as negative votes on proposals requiring the affirmative vote of a majority of the outstanding shares of common stock (such as Proposal 3).

WHAT ARE THE COSTS OF SOLICITING THESE PROXIES?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses.

HOW DO I OBTAIN AN ANNUAL REPORT ON FORM 10-K?

If you would like a copy of our Annual Report on Form 10-K for the fiscal year ended March 31, 2000 that we filed with the Securities and Exchange Commission, we will send you one without charge. Please write to:

PROPOSAL 1:

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes with one-third of our directors standing for election each year, generally for a three-year term. You are requested to vote for two nominees for director whose terms expire at this annual meeting and who will be elected for a new three-year term and until their successors are elected and qualified. The nominees are Robert W. Johnson and William A. Owens.

If no contrary indication is made, proxies in the accompanying form are to be voted for Mr. Johnson and Mr. Owens or in the event that either Mr. Johnson or Mr. Owens is not a candidate or is unable to serve as a director at the time of the election (which is not currently expected), for any nominee who is designated by the Board of Directors to fill the vacancy. Mr. Johnson and Mr. Owens are members of the present Board of Directors.

INFORMATION REGARDING DIRECTORS

Provided below is information concerning the nominees to the Board of Directors, as well as those directors whose terms are continuing after the annual meeting.

Mr. Lay is currently a director of PairGain Technology, Inc., a publicly-held telecommunications company, Physical Optics Corporation, a privately-held optical systems company, and Waveband Corporation, a privately-held wave scanning antenna and sensor company.

BOARD COMMITTEES AND MEETINGS

During the fiscal year ended March 31, 2000, the Board of Directors held five meetings. In that year, each director attended at least 75% of the aggregate of all meetings held by the Board of Directors and all meetings held by all committees of the Board of Directors on which the director served. The Board of Directors has an Audit Committee and a Compensation Committee.

Audit Committee. The Board of Directors has an Audit Committee currently consisting of Messrs. Johnson, Lay and Nash. In accordance with the rules of The Nasdaq Stock Market, the Board of Directors recently adopted a formal written Audit Committee Charter, a copy of which is attached to this proxy statement as Appendix A. The Audit Committee Charter specifies that the principal purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities relating to corporate accounting and systems of internal controls, our financial reporting practices, the quality and integrity of our financial reports and the independence and performance of our outside auditor. The Audit Committee held one meeting during fiscal year 2000 and one meeting subsequent to the completion of the fiscal year 2000 audit.

Compensation Committee. The Board of Directors has a Compensation Committee currently consisting of Messrs. Nash and Bunker. The responsibilities of the Compensation Committee include, among other things, reviewing, approving and reporting to the Board of Directors the compensation policies with respect to our executive officers, reviewing and making recommendations regarding the overall compensation policy, and administering our stock based compensation plans. The Compensation Committee held one meeting during fiscal year 2000.

COMPENSATION OF DIRECTORS

Members of the Board of Directors are reimbursed for expenses actually incurred in attending meetings of the Board of Directors and its committees. Each independent director is paid an annual fee of \$6,000. In addition, each independent director is paid \$1,500 for participation in each regular meeting of the Board of Directors and \$500 for participation in each committee meeting. Each independent director at the time of initial election to the Board of Directors is granted an option to purchase 7,500 shares of our common stock and on the date of each subsequent annual meeting of stockholders is granted an option to purchase 4,000 shares of our common stock.

VOTE REQUIRED; RECOMMENDATION OF THE BOARD OF DIRECTORS

If a quorum is present and voting at the annual meeting, the two nominees receiving the highest number of votes will be elected to the Board of Directors. Votes withheld from any nominee, abstentions and broker non-votes will be counted only for purposes of determining a quorum.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE NOMINEES LISTED ABOVE. PROXIES SOLICITED BY US WILL BE SO VOTED UNLESS YOU SPECIFY OTHERWISE ON YOUR PROXY CARD.

PROPOSAL 2:

APPROVAL OF AMENDMENT TO THE EQUITY PARTICIPATION PLAN

At the annual meeting, you will be asked to consider and vote upon a proposal to approve an amendment to the Equity Participation Plan to increase the number of authorized shares of common stock by 1,800,000 shares to 3,050,000 shares. The Equity Participation Plan was initially adopted by ViaSat's Board of Directors and stockholders in November 1996.

DESCRIPTION OF THE EQUITY PARTICIPATION PLAN

General Nature and Purpose. The Equity Participation Plan was adopted (1) to further our growth, development and financial success by providing additional incentives to some of our key employees who have been or will be given responsibility for the management or administration of our business affairs, by assisting them to become owners of our capital stock and thus to benefit directly from our growth, development and financial success, and (2) to enable us to retain the services of the type of professional, technical and managerial employees considered essential to our long-range success, by providing and offering them the opportunity to become owners of our capital stock. The Equity Participation Plan provides for the grant to our executive officers, other key employees, consultants and non-employee directors of a broad variety of stock-based compensation alternatives such as nonqualified stock options, incentive stock options, restricted stock and performance awards.

Administration. The Equity Participation Plan is administered by the Compensation Committee of the Board of Directors. In addition to administering the Equity Participation Plan, the Compensation Committee is also authorized to adopt, amend and rescind rules relating to the administration of the Equity Participation Plan.

Eligibility. Any employee or consultant selected by the Compensation Committee is eligible to receive options under the Equity Participation Plan. The Compensation Committee, in its absolute discretion, will determine (1) among the eligible participants the individuals to whom options, restricted stock purchase rights and performance awards are to be granted, (2) the number of shares to be granted, and (3) the terms and conditions of the grants.

Grant of Options. The Compensation Committee will from time to time, in its absolute discretion, determine (1) the number of shares to be subject to options granted to selected employees and consultants, (2) whether the options are to be incentive stock options or non-qualified stock options, and (3) the terms and conditions of the options, in a manner consistent with the Equity Participation Plan.

During the term of the Equity Participation Plan, a person who is initially elected to the Board of Directors and who is an independent director at that time is automatically granted an option to purchase 7,500 shares of common stock and an option to purchase 4,000 shares of common stock on the date of each subsequent annual meeting of stockholders.

Purchase Price of Optioned Shares. The price per share of the shares subject to each option is set by the Compensation Committee. However, the price per share cannot be less than the par value of a share of common stock, unless otherwise permitted by applicable state law. In the case of incentive stock options and options intended to qualify as performance-based compensation the price cannot be less than 100% of the fair market value of a share of common stock on the date the option is granted. In the case of incentive stock options granted to an individual then owning more than 10% of the total combined voting power of all classes of stock of ViaSat or any subsidiary or parent corporation of ViaSat the price cannot be less than 110% of the fair market value of a share of common stock on the date the option is granted.

Terms of Options. Options granted under the Equity Participation Plan may not be exercised more than ten years after the date of grant, although the Compensation Committee may grant options having shorter terms. The term cannot exceed five years in the case of incentive stock options granted to an individual then owning more than 10% of the total combined voting power of all classes of stock of ViaSat. Except as limited by the Equity Participation Plan or applicable law, the Compensation Committee may extend the term of any outstanding option in connection with any termination of employment or termination of consultancy of the optionee, or amend any other term or condition of the option relating to a termination.

Exercise of Options. Upon the exercise of an option under the Equity Participation Plan, the optionee must make full cash payment to the Secretary of ViaSat for the shares with respect to which the option, or portion of the option, is exercised. However, the Compensation Committee may in its discretion allow various forms of payment which are described in the Equity Participation Plan.

Other Stock Awards. The Equity Participation Plan allows for various other awards including restricted stock, performance awards, dividend equivalents, deferred stock, stock payments, and stock appreciation rights. There have not been any of these awards granted since the inception of the Equity Participation Plan.

Amendment of the Plan. The Equity Participation Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board of Directors or the Compensation Committee. However, without approval of the stockholders of ViaSat, the Equity Participation Plan may not be amended to (1) increase the maximum number of shares issuable upon exercise of options granted under the Equity Participation Plan and (2) no action of the Board of Directors or the Compensation Committee may be taken that would otherwise require stockholder approval as a matter of applicable law, regulation or rule.

Grants in 1999 and 2000. Options to purchase 324,000 shares of common stock were granted in fiscal year 1999 and 425,800 shares of common stock were granted in fiscal year 2000 under the Equity Participation Plan. See "Executive Compensation and Other Information" below for more information regarding the options granted to some of our executive officers under the Equity Participation Plan in 1999 and 2000.

PROPOSED AMENDMENT TO THE EQUITY PARTICIPATION PLAN

A total of 1,250,000 shares of common stock are currently reserved for issuance under the Equity Participation Plan. The Board of Directors recommends an amendment to the Equity Participation Plan to increase the number of shares available for issuance under the Equity Participation Plan by 1,800,000 shares to 3,050,000 shares.

As of July 28, 2000, options to purchase an aggregate of 1,182,576 shares of common stock had been issued under the Equity Participation Plan. Accordingly, only 67,424 shares of common stock were available for the issuance of new options.

ViaSat has been experiencing a period of significant growth in hiring and ViaSat's management and Board of Directors believe that stock options are a key aspect of ViaSat's ability to attract qualified

engineering, technical and other personnel in the face of an increasingly competitive hiring environment. The Board of Directors approved an increase in the number of shares reserved for issuance under the Equity Participation Plan to ensure that ViaSat is able to continue to grant stock options to employees and consultants at levels determined appropriate by the Board of Directors and the Compensation Committee. In the event that this Proposal 2 is not approved by the stockholders, and as a consequence ViaSat is unable to continue to grant options at competitive levels, ViaSat's management believes that it will negatively affect ViaSat's ability to manage future growth that may require the hiring of additional highly qualified personnel.

The proposal to amend the Equity Participation Plan to increase the number of shares authorized for issuance under the Equity Participation Plan will only become effective, and is conditioned upon, stockholder approval of the amendment to ViaSat's Certificate of Incorporation to increase the authorized number of shares of common stock from 25,000,000 to 100,000,000 described below.

FEDERAL TAX CONSEQUENCES

The income tax consequences of options granted under the Equity Participation Plan under current federal law are summarized below. The discussion is intended to provide only general information. Federal alternative minimum tax and employment tax consequences and state, local and foreign tax consequences are not discussed.

The optionee will not recognize ordinary income by reason of the grant or exercise of an incentive stock option. If an optionee holds stock acquired through exercise of an incentive stock option for at least two years from the date on which the option is granted and at least one year from the date on which the stock is transferred to the optionee upon exercise of the option, any gain or loss upon sale or other disposition of the stock will be capital gain or loss. ViaSat will not be entitled to a deduction if the optionee holds the stock for these holding periods. Generally, if the optionee sells or disposes of the stock before the expiration of either of these holding periods (a "disqualifying disposition"), at the time of sale or disposition, the optionee will recognize ordinary income equal to the lesser of (a) the excess of the stock's fair market value on the date of exercise over the aggregate exercise price, or (b) the optionee's actual gain, if any, on the sale or disposition. The optionee's additional gain, if any, upon the disqualifying disposition will be capital gain.

To the extent the optionee recognizes ordinary income by reason of a disqualifying disposition, ViaSat generally will be entitled (subject to the requirement of reasonableness, Internal Revenue Code Section 162(m) and the satisfaction of a tax reporting obligation) to a corresponding business expense deduction in the tax year in which the disqualifying disposition occurs.

The optionee will not recognize ordinary income by reason of the grant of a non-qualified stock option. Upon exercise of a non-qualified stock option, the optionee will recognize ordinary income equal to the excess of the stock's fair market value on the date of exercise over the aggregate exercise price paid. Generally, with respect to employees, ViaSat is required to withhold taxes in an amount based on the ordinary income recognized. Subject to the requirement of reasonableness, Internal Revenue Code Section 162(m) and the satisfaction of a tax-reporting obligation, ViaSat generally will be entitled to a business expense deduction equal to the taxable ordinary income realized by the optionee. Upon sale or disposition of the stock, the optionee will recognize any gain or loss as capital gain or loss.

Internal Revenue Code Section 162(m) denies a deduction to any publicly held corporation for compensation paid to certain executive officers in a taxable year to the extent that compensation exceeds \$1,000,000 for the executive officer. Compensation attributable to stock options, alone or when combined with all other types of compensation received by the executive officer from ViaSat, may cause this limitation to be exceeded in any particular year.

Some kinds of compensation, including qualified "performance-based compensation," are disregarded for purposes of the deduction limitation. In accordance with applicable Treasury regulations issued under Section 162(m), compensation attributable to stock options will qualify as performance-based compensation, provided that: either (1) (a) the option plan contains a per-employee limitation on the number of shares for which options may be granted during a specified period, (b) the per-employee limitation is approved by the

stockholders, (c) the option is granted by a compensation committee comprised solely of "outside directors" (as defined in Section 162(m)) and (d) the exercise price of the option is no less than the fair market value of the stock on the date of grant; or (2) the option is granted by a compensation committee comprised solely of "outside directors" and is granted (or exercisable) only upon the achievement of an objective performance goal established by the compensation committee while the outcome is substantially uncertain and approved by the stockholders.

The foregoing discussion is intended to be a general summary only of the federal income tax aspects of options granted under the Equity Participation Plan; tax consequences may vary depending on the particular circumstances at hand. In addition, administrative and judicial interpretations of the application of the federal income tax laws are subject to change.

PLAN BENEFITS

The following table presents information with respect to options granted under the Equity Participation Plan as of July 28, 2000, to (1) ViaSat's Chief Executive Officer and its four other most highly compensated executive officers at March 31, 2000 (collectively, the "Named Executive Officers"), (2) all executive officers as a group, (3) all non-executive officer employees as a group, and (4) all non-employee directors as a group.

VOTED REQUIRED; RECOMMENDATION OF THE BOARD OF DIRECTORS

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the amendment to the Equity Participation Plan. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this proposal has been approved.

THIS PROPOSAL TO AMEND THE EQUITY PARTICIPATION PLAN WILL ONLY BECOME EFFECTIVE, AND IS CONDITIONED UPON, STOCKHOLDER APPROVAL OF PROPOSAL 3 BELOW. THE FAILURE OF VIASAT'S STOCKHOLDERS TO APPROVE PROPOSAL 3 BELOW WILL RESULT IN THE AUTOMATIC NON-APPROVAL OF THIS PROPOSAL 2.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE AMENDMENT TO THE EQUITY PARTICIPATION PLAN. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY OTHERWISE ON THEIR PROXY CARDS.

PROPOSAL 3:

APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION
TO AUTHORIZE ADDITIONAL SHARES OF COMMON STOCK

At the annual meeting, you will be asked to consider and vote upon a proposal to approve an amendment to ViaSat's Certificate of Incorporation to increase ViaSat's authorized number of shares of common stock from 25,000,000 shares to 100,000,000 shares.

PRINCIPAL EFFECTS OF THE AMENDMENT

The additional common stock to be authorized by adoption of the amendment would have rights identical to the currently outstanding common stock. Adoption of the proposed amendment and issuance of the common stock would not affect the rights of the holders of currently outstanding common stock of ViaSat, except for effects incidental to increasing the number of shares of the common stock outstanding, such as dilution of the earnings per share and voting rights of current holders of common stock. If the amendment is adopted, it will become effective upon filing of a Certificate of Amendment of ViaSat's Certificate of Incorporation with the Secretary of State of the State of Delaware.

If adopted, the amendment would cause the first paragraph of Article Fourth of ViaSat's Certificate of Incorporation to read as follows:

"FOURTH: The Corporation is authorized to issue two classes of shares of capital stock to be designated respectively, Preferred Stock and Common Stock. The total number of shares which the Corporation is authorized to issue is one hundred five million (105,000). Five million (5,000,000) shares shall be Preferred Stock, of which three million two hundred twenty-five thousand (3,225,000) are hereby designated Series A Convertible Preferred Stock ("Series A Preferred Stock") and one hundred million (100,000,000) shares shall be Common Stock. The Preferred Stock and Common Stock shall each have a par value of \$.0001 per share."

In addition to the 10,896,726 shares of common stock outstanding at July 28, 2000, the Board of Directors has reserved 405,402 shares for issuance upon exercise of options and rights granted under ViaSat's stock option and stock purchase plans, and 50,000 shares of common stock which may be issued upon exercise of warrants.

REASONS FOR THE AMENDMENT

Other than in connection with ViaSat's equity plans, the Board of Directors has no agreements or commitments to issue additional shares of common stock for any purpose. However, it desires to have these additional 75,000,000 shares available to provide additional flexibility to use its capital stock for business and financial purposes in the future. The additional shares may be used, without further stockholder approval, for various purposes including, without limitation, raising capital, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies and expanding ViaSat's business or product lines through the acquisition of other businesses or products.

From time to time ViaSat considers strategic transactions and alternatives with the goal of maximizing stockholder value. For example, in April 2000 ViaSat completed the acquisition of the satellite networking division of Scientific-Atlanta, Inc. ViaSat will continue to evaluate additional potential strategic transactions and alternatives which it believes may enhance stockholder value. These additional potential transactions may include a variety of different structures, including spin-offs, strategic partnerships, joint ventures, restructurings, divestitures and business combinations.

The additional shares of common stock that would become available for issuance if the proposal were adopted could also be used by ViaSat to oppose a hostile takeover attempt or delay or prevent changes in control or management of ViaSat. For example, without further stockholder approval, the Board of Directors could adopt a "poison pill" which would, under some circumstances related to an acquisition of shares not approved by the Board of Directors, give some holders the right to acquire additional shares of common stock

at a low price, or the Board could strategically sell shares of common stock in a private transaction to purchasers who would oppose a takeover or favor the current Board of Directors. Although this proposal to increase the authorized common stock has been prompted by business and financial considerations and not by the threat of any hostile takeover attempt (nor is the Board of Directors currently aware of any attempts directed at ViaSat), nevertheless, stockholders should be aware that approval of this proposal could facilitate future efforts by ViaSat to deter or prevent changes in control of ViaSat, including transactions in which the stockholders might otherwise receive a premium for their shares over then current market prices.

VOTED REQUIRED; RECOMMENDATION OF THE BOARD OF DIRECTORS

The affirmative vote of the holders of a majority of the outstanding shares of the common stock, will be required to approve this proposal to amend ViaSat's Certificate of Incorporation. As a result, abstentions and broker non-votes will have the same effect as negative votes.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE AMENDMENT TO VIASAT'S CERTIFICATE OF INCORPORATION. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY OTHERWISE ON THEIR PROXY CARDS.

COMPENSATION PLANS

401(k) Plan. We have established a tax-qualified employee savings and retirement plan effective January 1990 covering all employees who have been employed by us for at least 90 days and who are at least 21 years of age. Under the 401(k) Plan, our employees may elect to reduce their current compensation by not less than 1.0% nor more than 15.0% of eligible compensation and have the amount of the reduction contributed to the 401(k) Plan. The 401(k) Plan permits, but does not require, additional cash contributions to the 401(k) Plan by us. The trustee under the 401(k) Plan invests the assets of the 401(k) Plan in designated investment options. The 401(k) Plan is intended to qualify under Section 401 of the Internal Revenue Code so that contributions to the 401(k) Plan, and income earned on plan contributions, are not

taxable to our employees until withdrawn from the 401(k) Plan, and so that contributions by us are deductible by us when made for income tax purposes.

Employee Stock Purchase Plan. We have established the ViaSat, Inc. Employee Stock Purchase Plan to assist our employees in acquiring a stock ownership interest in our company and to encourage them to remain in our employment. The Purchase Plan is intended to qualify under Section 423 of the Internal Revenue Code. The Purchase Plan permits our eligible employees to purchase our common stock at a discount through payroll deductions during specified six-month offering periods. The Purchase Plan is administered by the Compensation Committee. Currently, a maximum of 500,000 shares of common stock are authorized for issuance under the Purchase Plan. As of July 28, 2000, an aggregate of 162,022 shares of common stock at prices ranging from \$7.65 to \$ 42.40 were issued under the Purchase Plan.

1993 Stock Option Plan. In 1993, we adopted the ViaSat, Inc. 1993 Stock Option Plan to enable our key employees, consultants and non-employee directors to acquire a proprietary interest in our company, and to create in such persons an increased interest in and a greater concern for the welfare of our company. The 1993 Stock Option Plan provided for aggregate option grants of up to 733,500 shares. As of July 28, 2000, options to purchase an aggregate of 57,433 shares of common stock at prices ranging from \$1.36 to \$4.50 were outstanding under the 1993 Stock Option Plan. No additional grants will be made under the 1993 Stock Option Plan.

1996 Equity Participation Plan. In November, 1996 we adopted The 1996 Equity Participation Plan of ViaSat, Inc. to update and replace the 1993 Stock Option Plan. The Equity Participation Plan provides for the grant to our executive officers, other key employees, consultants and non-employee directors of a broad variety of stock-based compensation alternatives such as nonqualified stock options, incentive stock options, restricted stock and performance awards. The Equity Participation Plan provides for aggregate award grants of up to 1,250,000 shares. If Proposal 2 above is approved, the shares of common stock authorized for issuance under the Equity Participation Plan will be increased by 1,800,000 shares to 3,050,000 shares. As of July 28, 2000, options to purchase an aggregate of 1,091,693 shares of common stock at prices ranging from \$7.38 to \$87.63 were outstanding under the Equity Participation Plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal year 2000, the Compensation Committee was comprised of Messrs. Nash and Bunker. No interlocking relationship exists between any member of the Compensation Committee and any member of any other company's board of directors or compensation committee.

COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for administering our compensation policies and practices and approves all elements of compensation for our executive officers. The Compensation Committee reports regularly to the Board of Directors on its activities. In general, the compensation policies adopted by the Compensation Committee are designed to provide competitive levels of compensation to:

- attract and retain executives capable of leading us to meet our business objectives and
- motivate our executives to enhance long-term stockholder value.

EXECUTIVE OFFICER COMPENSATION

Our executive compensation program is comprised of base salary, annual cash incentive bonus and long-term incentive compensation in the form of stock option grants at current market prices.

Our compensation program for executive officers is designed to provide a total compensation level (including both annual and long-term incentives) that is competitive with surveyed companies. For executive officers recently recruited by us, annual compensation rates and long-term incentive awards reflect amounts necessary to attract them to our company. The compensation program is benchmarked by using surveys of companies in the high technology industry with similar revenues and/or prospects. These companies, which

are representative of the firms we compete with for executive talent and have jobs similar to those at our company in magnitude, complexity and scope of responsibility, form the basis for the survey group used by the Compensation Committee.

COMPONENTS OF EXECUTIVE COMPENSATION

- Base salary is established by the Compensation Committee based on an executive's job responsibilities, level of experience, individual performance and contribution to our company, and information obtained from surveys. The Compensation Committee believes that the executives' base salaries are at competitive levels relative to the various markets from which our company attracts its executive talent.
- Annual cash incentive bonus is established by the Compensation Committee at the end of the fiscal year and is based on our company's performance, individual performance, and compensation surveys. Bonuses awarded in prior years are also taken into consideration. The bonuses are at risk and are not arithmetically derived using a bonus formula.
- Long-term incentives include awards of stock options, restricted stock, and performance awards. The objective for the awards is to align closely executive interests with the longer term interests of stockholders. These awards, which are at risk and dependent on the creation of incremental stockholder value or the attainment of cumulative financial targets over several years, represent a significant portion of the total compensation opportunity provided for the executive officers. Award sizes are based on individual performance, level of responsibility, the individual's potential to make significant contributions to our company, and award levels at other companies in the survey group. Long-term incentives granted in prior years are also taken into consideration. For fiscal year 2000, the Compensation Committee determined that the only form of long-term incentive awards would be stock options. There were no restricted stock or performance awards granted during fiscal year 2000.

COMPENSATION FOR THE CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Mr. Dankberg, a founder of ViaSat, has led ViaSat to another successful year in fiscal year 2000. ViaSat's fiscal year 2000 achievements in revenue growth, order backlog, product development and shipments were consistent with ViaSat's objectives. Additionally, ViaSat accomplished major strategic achievements in fiscal year 2000, including the acquisition of a commercial satellite networking division from Scientific-Atlanta, Inc. Under Mr. Dankberg's direction, ViaSat has achieved fourteen consecutive years of internally generated revenue growth and thirteen consecutive years of profitability, and is well positioned to benefit from its successes in developing and deploying products that utilize Demand Assigned Multiple Access satellite networking technology. During fiscal year 2000, Mr. Dankberg earned a base salary of \$265,400. In light of the leadership he demonstrated during the year, in July 1999, the Compensation Committee granted Mr. Dankberg a stock option to purchase 15,000 shares of common stock at \$16.13 per share (110% of the fair market value at the time of grant), and the Compensation Committee determined that Mr. Dankberg should receive a \$60,000 bonus.

DEDUCTIBILITY OF COMPENSATION IN EXCESS OF \$1 MILLION PER YEAR

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to a company's Chief Executive Officer and any of its four other most highly compensated executive officers. Qualifying performance-based compensation is not subject to the deduction limit if specific requirements are met. For 2000 and 2001, we do not anticipate that there will be nondeductible compensation for the positions in question. The Compensation Committee plans to continue to review the matter for 2001 and future years in order to determine the extent of possible modification to our compensation arrangements.

RELATIONSHIP WITH INDEPENDENT ACCOUNTANTS

Our financial statements for the fiscal year ended March 31, 2000 have been examined by PricewaterhouseCoopers LLP. Representatives of PricewaterhouseCoopers LLP are expected to be available at the annual meeting to respond to appropriate questions and to make a statement if they desire to do so. We will select independent accountants for the current year sometime after the annual meeting.

SECTION 16(A) REPORTING

Under Section 16(a) of the Securities Exchange Act of 1934, as amended, directors, executive officers and beneficial owners of 10% or more of the common stock ("Reporting Persons") are required to report to the Securities and Exchange Commission on a timely basis the initiation of their status as a Reporting Person and any changes with respect to their beneficial ownership of the common stock. Based solely on our review of the forms received by it, or written representations from the Reporting Persons that these forms were not required, we have determined that no Reporting Persons known to us were delinquent with respect to his or her reporting obligations as set forth in Section 16(a) of the Exchange Act.

STOCKHOLDER PROPOSALS FOR THE 2001 ANNUAL MEETING

Any proposal of a stockholder of ViaSat intended to be presented at the next annual meeting of stockholders must be received by the Secretary of ViaSat not later than April 17, 2001 to be considered for inclusion in the our proxy statement and form of proxy relating to that meeting. In addition, if we have not received notice by July 3, 2001 of any matter a stockholder intends to propose for a vote at the next annual meeting of stockholders, then a proxy solicited by the Board of Directors may be voted on the matter in the discretion of the proxy holder, without discussion of the matter in the proxy statement soliciting the proxy and without the matter appearing as a separate item on the proxy card.

OTHER MATTERS

We do not know of any business other than that described in this proxy statement that will be presented for consideration or action by the stockholders at the annual meeting. If, however, any other business is properly brought before the meeting, shares represented by proxies will be voted in accordance with the best judgment of the persons named in the proxies or their substitutes.

ALL STOCKHOLDERS ARE URGED TO COMPLETE, SIGN AND RETURN THE ACCOMPANYING ENDORSED PROXY CARD IN THE ENCLOSED ENVELOPE.

APPENDIX A
TO PROXY STATEMENT

VIASAT, INC.

AUDIT COMMITTEE CHARTER

PURPOSE

The Audit Committee (the "Committee") shall provide assistance to the Board of Directors (the "Board") of ViaSat, Inc., a Delaware corporation (the "Company") in fulfilling the Board's oversight responsibilities relating to corporate accounting and systems of internal controls, financial reporting practices of the Company, the quality and integrity of the financial reports of the Company and the independence and performance of the Company's outside auditor. In so doing, it is the responsibility of the Committee to maintain free and open means of communication between the members of the Board, the outside auditor and the financial management of the Company.

MEMBERSHIP

The Committee will consist of three or more members of the Board. The members shall be appointed by action of the Board and shall serve at the discretion of the Board. Each Committee member shall be "financially literate" as determined by the Board and shall satisfy the "independence" requirements of The Nasdaq Stock Market. Attachment I hereto sets forth the rules of the Nasdaq Stock Market pertaining to composition and requirements for Audit Committee members. At least one member of the Committee shall have "accounting or related financial management expertise," as determined by the Board.

COMMITTEE ORGANIZATION AND PROCEDURES

1. The members of the Committee shall appoint a Chair of the Committee (the "Chair") by majority vote. The Chair (or in his or her absence, a member designated by the Chair) shall preside at all meetings of the Committee.

2. The Committee shall establish its own rules and procedures for notice and conduct of its meetings.

3. The Committee shall hold such regular meetings as may be necessary, and more frequently as the Committee determines is necessary to carry out its responsibilities under this Charter.

4. The Committee may, in its discretion, include in its meetings members of the Company's financial management, representatives of the outside auditor, and other financial or actuarial personnel employed or retained by the Company. The Committee may meet with the outside auditor in separate executive sessions to discuss any matters that the Committee believes should be addressed privately, without management's presence. The Committee may likewise meet privately with management, as it deems appropriate.

5. The Committee may, in its discretion, utilize the services of the Company's regular corporate legal counsel with respect to legal matters or, at its discretion, retain separate legal counsel if it determines that such counsel is necessary or appropriate under the circumstances.

RESPONSIBILITIES

Independent Auditor

1. The Committee shall review, select and recommend the appointment of the outside auditor for approval by the Board to audit the Company's financial statements.

2. The Committee shall approve the fees to be paid to the outside auditor.

3. The Committee shall periodically evaluate the performance of the outside auditor and, if necessary, recommend that the Board replace the outside auditor.

4. The Committee shall receive from the outside auditor on a periodic basis (but at least annually) a formal written statement delineating all relationships between the outside auditor and the Company. The

Committee shall actively engage in a dialogue with the outside auditor with respect to any disclosed relationships or services that, in the view of the Committee, may impact the objectivity and independence of the outside auditor. If the Committee determines that further inquiry is advisable, the Committee shall recommend that the Board of Directors take appropriate action in response to the outside auditor's report to satisfy itself of the auditor's independence.

Annual Audit

1. The Committee shall meet with the outside auditor and financial management of the Company at a time early in the process of the annual audit to review the scope of the audit for the current year and the audit procedures to be utilized.

2. The Committee shall meet with the outside auditor and management prior to the public release of the financial results of operations for the subject year under audit, and discuss with the outside auditor any matters within the scope of the pending audit that have not yet been completed.

3. The Committee shall receive the completed audited financial statements for the year under audit, as soon as practicable.

4. The Committee shall review and discuss the audited financial statements with the management of the Company.

5. The Committee shall discuss with the independent auditors the matters required to be discussed by SAS 61, including, among others, (i) methods used to account for any significant unusual transactions reflected in the audited financial statements; (ii) the effect of significant accounting policies in any controversial or emerging areas for which there was a lack of authoritative guidance or consensus to be followed by the outside auditor; (iii) the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates; and (iv) any disagreements with management over the application of accounting principles, the basis for management's accounting estimates or the disclosures in the financial statements.

6. The Committee shall, based on the discussions referenced in paragraphs 4 and 5 above, and based on the disclosures received from the outside auditor regarding its independence and discussions with the auditor regarding such independence (see paragraph 4 above), recommend to the Board whether the audited financial statements should be included in the Company's Annual Report on Form 10-K for the fiscal year subject to the audit.

Quarterly Review

The outside auditor is required to conduct an interim financial review prior to the Company's filings of its Form 10-Q (preferably prior to any public announcement of the earnings). The Committee will review and discuss with management and the outside auditor, in person at a meeting, or by telephone conference call, the results of the quarterly review including such matters as significant adjustments, management judgments, accounting estimates, significant new accounting policies and disagreements with management. The Chair may represent the entire Committee for purposes of this review.

Internal Controls

1. The Committee shall review with the outside auditor and financial and accounting personnel, at least annually, the adequacy and effectiveness of the accounting and financial controls of the Company, and elicit any recommendations for improvement of such internal control procedures, in particular in areas where new or more detailed controls or procedures are desirable.

2. The Committee shall review with the outside auditors and with management any matters brought to the attention of management and the Committee by the outside auditors, as a result of their annual audit. The Committee shall allow management adequate time to prepare responses to any such matters raised by the outside auditors.

Special Inquiries

The Committee may, in its discretion, investigate any matter brought to its attention within the scope of its responsibilities, and shall have the authority to retain outside legal counsel or other experts for this purpose if, in its judgment, that is appropriate.

Charter

The Committee shall review, reassess and update the Committee's charter at least annually and submit the recommended changes to the Board for its consideration.

Minutes

The Committee shall maintain written minutes of its meetings, which minutes will be filed with the minutes of the meetings of the Board. The Committee shall submit the minutes of all meetings to, or discuss the matters discussed at each meeting with, the Board.

ATTACHMENT I

The following extracts from the rules of The Nasdaq Stock Market, dealing with qualifications required and composition requirements for the Audit Committee, are included to provide guidance to the Board of Directors in ensuring that the members it appoints to the Audit Committee meet requirements. They are current as of June 14, 2000.

RULE 4200. DEFINITIONS

(15) "Independent director" means a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship which, in the opinion of the company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The following persons shall not be considered independent:

(a) a director who is employed by the corporation or any of its affiliates for the current year or any of the past three years;

(b) a director who accepts any compensation from the corporation or any of its affiliates in excess of \$60,000 during the previous fiscal year, other than compensation for board service, benefits under a tax-qualified retirement plan, or non-discretionary compensation;

(c) a director who is a member of the immediate family of an individual who is, or as been in any of the past three years, employed by the corporation or any of its affiliates as an executive officer. Immediate family includes a person's spouse, parents, children, siblings, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, and anyone who resides in such person's home;

(d) a director who is a partner in, or a controlling shareholder or an executive officer of, any for-profit business organization to which the corporation made, or from which the corporation received, payments (other than those arising solely from investments in the corporation's securities) that exceed 5% of the corporation's or business organization's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the past three years;

(e) a director who is employed as an executive of another entity where any of the company's executives serve on that entity's compensation committee.

Each issuer shall maintain a sufficient number of independent directors on its board of directors to satisfy the audit committee requirement set forth in Rule 4310(c)(26)(B).

RULE 4310(c)(26)

(B) Audit Committee Composition

(i) Each issuer must have, and certify that it has and will continue to have, an audit committee of at least three members, comprised solely of independent directors, each of whom is able to read and understand fundamental financial statements, including a company's balance sheet, income statement, and cash flow statement or will become able to do so within a reasonable period of time after his or her appointment to the audit committee. Additionally, each issuer must certify that it has, and will continue to have, at least one member of the audit committee that has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

(ii) Notwithstanding paragraph (i), one director who is not independent as defined in Rule 4200, and is not a current employee or an immediate family member of such employee, may be appointed to the audit committee, if the board, under exceptional and limited circumstances, determines that membership on the committee by the individual is required by the best interests of the corporation and its shareholders, and the board discloses, in the next annual proxy statement subsequent to such determination, the nature of the relationship and the reasons for that determination.
